

Welcome to Gynecologic Oncology

The Division of Gynecologic Oncology at the Arthur G. James Cancer Hospital and Richard J. Solove Research Institute specializes in the diagnosis and treatment of ovarian, cervical, endometrial, vulvar and vaginal cancers. Our goal is to provide compassionate, personalized care in a friendly, respectful manner to every patient.

This patient education book was created to help you be an active participant in your care. It includes easy-to-understand health information and resources to help you throughout your cancer experience.

Your doctor and other members of your health care team will be giving you more information at your clinic visits, so we encourage you to bring this book with you to each appointment. For more information about The James, you may visit our website at cancer.osu.edu.

Appointments

If you have any questions regarding your care or need to schedule, change or cancel an appointment, please call the clinic phone number at (614) 293-3873.

After Business Hours

If you need emergency assistance after business hours or on weekends and holidays, please call (614) 293-3873 our office staff will direct your questions and concerns to the phone triage nurse, who will return your call as soon as possible.

This handout is for informational purposes only. Talk with your doctor or health care team if you have any questions about your care.
