The Hemostasis and Thrombosis Treatment Center (HTC) at The Ohio State University Wexner Medical Center is a comprehensive care center for persons with hemophilia, clotting disorders and other bleeding disorders.

Using the team approach, the HTC healthcare team provides state-of-the-art medical care and support to help patients prevent problems and obtain and maintain optimal health and well-being.

The Hemostasis and Thrombosis Treatment Center (HTC) currently has a number of research studies in progress. Please contact our office at (614) 293-9441 for more information.

This handout is for informational purposes only. Talk with your doctor or health care team if you have any questions about your care.
